

REGENCY PARK

VERO BEACH FLORIDA

The New Gold Standard for Great Senior Lifestyles

At **Regency Park**, you will enjoy gracious living in a private sanctuary highlighted by 13 acres rich with wildlife habitat. But peaceful and alluring as this oasis may be, Regency Park will also support your continued involvement in the mainstream by providing pre-wired cable, telephone, and internet to every villa and apartment home. You will have instant access to community news and calendars, clubhouse services, the resident directory, information about community clubs and organizations, and a 24-hour digital line for reporting safety concerns via a state-of-the-art intranet service, the Regency Park Community Network. Regency Park is also one of the closest retirement communities to the hospital, beach village, and Riverside Park and Arts district.

So you'll be able to enjoy the best of best worlds—the new gold standard in senior living.
